Oracle Financial Systems

Overview

The Oracle Financial Systems Team manages the university’s financial system of record – the Oracle eBusiness Suite (EBS). Harvard utilizes the Oracle eBusiness Suite (EBS) for processing financial transactions for all tubs at the university. Oracle Financial systems include Accounts Payable and Receivables, Bottomline, CAPS, Cash Management, CSMA, CoA Validator, Collections, FedEx, General Ledger and Validator, Oracle Assets, HCOM, iProcurement, iReceivables, PCard, Vendor Request, Web ADI, and Web Reimbursement. We work towards enabling a ‘continuous improvement’ philosophy across university-wide financial/procurement processes and standardizing our core platform whilst incorporating best practices.

What we provide:

The Oracle Financial Systems team is responsible for financial systems product management, delivering projects and supporting end users across Harvard to use the financial systems.

We help our Harvard stakeholders to achieve their business objectives by:

Supporting End Users
- End User Support
  - Training: Support training solutions for financial systems
  - Enhancement Requests: Identifying new features/suggested modifications for financial systems

Thought Leadership
- Product Management: Managing system releases and enhancements
- Project Management: Managing traditional/agile projects
- Vendor Selection: Advise schools/units during vendor selection process
- Business Process Consulting: Identify process improvements

Addressing Reporting Needs
- General Reporting: Supporting (with DMS – Business Intelligence Team) 20+ Financial dashboards in OBI
- Ad Hoc Reporting: Developing and querying system data based on business requirements

Configuring Applications
Work with Client Services to effectively configure:
- System administration of profiles, lookup tables, list of values and other setup features
- Financial Closing: closing the ledger for each month, quarter and fiscal year end

Other Key Statistics:
- 466K Invoice Payments: 466,000+ Invoice Payments made to date
- 221K HCOM Reqs: 221,000+ purchase order requisitions submitted to date
- 35K Vendors: 35,000+ new vendors added to Oracle during FY15 (to date)
- 18K Vendors: 18,000+ receivables transactions process to date

Who are our Harvard stakeholders?
