

Delete an Unposted Journal

Introduction

Purpose

Use this procedure to delete an unposted / error journal in Oracle Financials.

Trigger

- You need to delete an unposted journal entry or batch on the same day that it was created.
- You need to delete an error or unposted journal entry or batch that was previously created.

Prerequisite

- Previous journal entry must be entered and have not posted.
- If you are not the creator of the journal, you have obtained permission from the creator.

Access the General Ledger

1. To access the **General Ledger** go to <u>https://huit.harvard.edu/finance</u> under **Oracle Financial Gateway** click on the link for **Oracle System Applications, Personal Homepage**.

2. Log in through Harvard Key. The **Oracle Applications Home Page** will open.

3. From the Home Page, select your General Ledger Responsibility (HRVD^GL ...), then Journals, Enter.

i If you receive a dialog box with one of the following messages:

- Do you want to run this application? Click the Run button.
- "The application's digital signature cannot be verified. Do you want to run the application?" Click the Run button. Note that you may see this message twice.
- "Your Java version is out of date." Click the "Later" button, unless directed by Oracle EBS FINDINI Release Notes to update.

Helpful Hints

- If the journal has been posted, it can only be reversed rather than deleted. See the work instruction *Generate a Reversing Journal* for information on how to reverse the journal.
- You should only delete journals you created or have permission from the creator to delete.
- If you delete a journal batch, the General Ledger deletes all journals within the batch.
- You can delete just one journal entry in a batch of many journals.
- You cannot delete a GL-PCR journal using this method, for assistance contact ithelp@harvard.edu

General Ledger

Delete an Unposted Journal

A-19

4. Select the Edit menu, then Delete (or, if using keyboard equivalents, Alt-E, then D), or on the toolbar

click on the red x Delete icon:	×.
---------------------------------	----

5. Select whether you are deleting a journal or a journal batch:

If you want to	Then
Delete a journal within the batch	Click
Delete the entire journal batch	Click

i If you have one journal to one batch, it does not matter which button is selected.

6. On the menu bar, click the **Save** icon: OR on the Menu bar select the **File**, then **Save** OR using the keyboard, Ctrl-S (or, if using keyboard equivalents, Alt-F, then S).

i If the action is not saved before closing your session, the delete is not processed.

Status and Closing the Form

7. Check the status bar in the lower left-hand corner of our screen to confirm that the transaction is complete:

FRM-40400: Tran	saction o	omple	ete: 1 records appl	lied and saved.
Record: 0/1				

To close the form, select x in the upper right hand side of the form OR File, then Close Form

(or, if using keyboard equivalents, Alt-F, then C), OR select the **Close Form** icon:

You will return to the Navigator screen:

Navigator - HRVD^GL^TRN^55850^IE-8	
Functions Documents	
Journals:	
Enter, import, define and generate actual and encumbrance journals	
+ Journals Top Ten List ● ●	
<u>Open</u>	\Box

To close the General Ledger application, choose **File**, then **Exit Oracle Applications** (or, if using keyboard equivalents, Alt-F, then X).
